

# SETTING THE STANDARD IN FINISH

Industry standard catalyzed  
finish varnish

The 2K Polyurethane finish is better than a standard conversion varnish.

- **ROBUST**

More robust and longer lasting than our previous finish and those of competitors.

- **DURABLE**

Capable of withstanding the harshest chemical cleaners, sanitizers and disinfectants.

- **REMARKABLY RESISTANT**

Resistant to prolonged exposure to ultraviolet light.

- **MECHANICAL STRENGTH**

Absorbs abrasion from everyday use.

Sauder Courtroom 2K Polyurethane Finish

SAUDER  
COURTROOM FURNITURE

"In 2016 we recognized a need for a more durable finish. We identified the leading wood coating suppliers and spent 12 months developing testing and evaluation methods. After months of production trials, we were able to select the most durable finish."

- Mack Warner, Manufacturing Engineer
